When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Misleading War News

The Globe Democrat of July 26 had big headlines, "Germans Facing Disaster. Crown Prince's army is surrounded and capture of 500,000 seems imminent.

Million men battle to save army that is trapped by Foch." The Republic of Aug. 1, prints the following:

"This is one of several recent headlines in the Globe Democrat which was severely criticized at the City Club Tuesday by Capt. W. H. Stayton, a retired naval officer. In his talk he warned his hearers not to believe exaggerated newspaper accounts.

Speaking of The Globe Democrat's handling or mishandling of news, the Captain said:

"In coming toward St. Louis I culled a few samples of gross exaggeration in newspaper headlines of Allied Successes, which have a tendency to make the people think that the war is over and that we are on our road to Berlin. The headlines of one St. Louis morning paper made it appear that the army of the German Crown Prince was surrounded and that the capture of 500,000 German soldiers was imminent. The dispatches in that same paper did not bear out the headlines. I think the fact was that about 200 Germans and 18 machine guns were captured that day."

Capt. Stayton took up another copy of the same newspaper and read: "German army in Precipitate Flight." There was nothing in the news that day, he said, which justified such a headline, and, it was not a fact that the German army or any part of it was in precipitate flight."

The President On Mob Spirit

"I have called upon the Nation to put its great energy into this war and it has responded—responded with a spirit and a genius for action that has thrilled the world. I now call upon it, upon its men and women everywhere to see to it that its laws are kept inviolate, its fame untarnished.

"I can never accept any man as a champion of liberty either for ourselves or for the world who does not reverence and obey the laws of our own beloved land whose laws we ourselves have made. He has adopted the standard of the enemies of his country whom he affects to despise."

—President Wilson.
